TULIP COLLECTION

INDUSTRIAL

The TULIP fixture in Industrial version with aluminum body, black straps, and natural light temperature (4000K) perfectly complements raw, modern, loft interiors dominated by concrete, steel, and dark colors.

NATURAL

The TULIP fixture in Natural version, with pastel green body and green straps, creates a cozy and harmonious atmosphere inspired by nature.

Three types of optics

Lens optics, masking cover

Focused lighting with gentle diffusion highly efficient solution with maximum light effectiveness.

Lens optics

Intense, focused light perfect for illuminating workspaces or larger rooms.

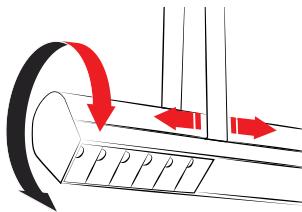

Microprism

Soft, diffused light glare reduction surface with attractive "mirror" effect.

Excellent parameters

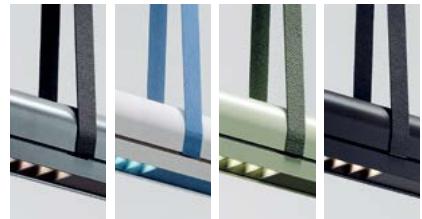

- high efficiency: **up to 140 lm/W**, depending on the type of cover, power and power supply
- low glare factor: **UGR<19**
- very good color rendering: **CRI 90**
- lifespan: **100.000 h**
- available color temperatures: **2700K, 3000K, 4000K**
- available beam angles for DOT optics: **30°, 36°**
- HCL option, in the range of **2700-5000**
- length of a single fixture: up to 3m
- 5-year warranty on quality and durability of the structure
- the fixture is made of recyclable materials with a very low carbon trace

Innovative construction

- construction provides complete 360-degree rotation freedom in any direction
- ability to slide straps along the luminaire
- easy adjustment and stability in any position
- good access to serviceable components

Four unique style variants

The TULIP luminaire is more than just lighting; it's a way to express yourself through design.

Four unique style variants: Industrial, Coastal, Natural and basic Black, include the color of the fixture itself and the tapes, DOT optics, blends, and suspension elements.
